**Solar Warning Light Models:**

**STL-101**

**Solar Warning Light**

Applications: Engineering construction, Square, Park, Courtyard, Structures rail, Landscape project, temporary scaffolding structures etc.

Specification	Description
Solar cell	Single-crystalline silicon (2.5v,130mA)
Storage battery	Ni-MH (1.2v,1200mAH)
Light source	Super luminosity LED
LED quantity	6pcs
Luminosity colors	Red, green, blue, white, yellow, amber (for any choice)
Luminous mode	Flashing,60 times/minute
Work time	≥100 hours
Life time	3-5 years
Work temperature	-25 °C to +75 degree °C.
Material of light	PC,ABS
Weight	260g
Size	φ72×H150mm
View distance	≥350m
Waterproof grade	IP>67
Guarantee period	1 Year
